ABOUT ME

I am a motivated undergraduate student seeking a Data Science internship to gain practical exposure and apply my academic knowledge in a professional environment. I aim to strengthen my technical and analytical skills through hands-on experience. I enjoy working with data, programming, and learning new technologies to support effective problem-solving and decision-making.

EDUCATION

UNIVERSITY OF KELANIYA

B.Sc. Honours in Management and Information Technology (Reading)

Department of Industrial Management
2025 - present

MALIYADEVA BALIKA VIDYALAYA

Biological Science Stream
2014 - 2022

ACADEMIC PROJECTS

Object-Oriented Game Development

- Developed a simple game to practice core programming logic and problem-solving.
- Tools Used: C++

Prescription Management System

- Developed a system to create digital prescriptions and issue medicines using object-oriented design.
- Tools Used: Java, MYSQL

ACHIEVEMENTS

Participated in IdeaSprint innovation competition and selected as a Finalist.

EXTRA CURRICULAR ACTIVITIES

Active Member of LEO Club - University Of Kelaniya
